

## A FAMILY ENTERPRISE

The pioneering company globally to manufacture Walnut Oil and Defatted Walnut Flour.

[WWW.PROMAIPO.COM](http://WWW.PROMAIPO.COM)

We are Productos del Maipo, a Chilean family enterprise rooted in Los Angeles, Biobío Region, the gateway to Patagonia.

Our journey commenced with a fervent commitment to providing our customers with natural and healthful products. We take pride in being global pioneers in the production of walnut oil.

Who We Are

### WALNUT OIL

Walnut oil is a wholly natural product abundant in essential nutrients, including Omega 3 fatty acids, antioxidants, and vitamins. Its anti-inflammatory and antioxidant properties enhance cardiovascular health, promote skin wellness, and assist in cholesterol regulation. Additionally, it serves as a versatile ingredient in both culinary and cosmetic applications.

It originates from premium quality nuts cultivated in Chile.

### WALNUT FLOUR

Defatted Walnut Flour is a completely natural product characterized by low fat content and high levels of protein and fiber. It is particularly suitable for vegetarian and vegan diets, being naturally gluten-free and imparting a subtle nutty flavor. Its abundance of essential nutrients, antioxidants, and vitamins renders it a healthful option for baked goods and various recipes, offering a nutritious and light alternative in culinary applications.

## OUR COMPONENT

### The Walnut

Walnuts are the sole nuts that contain Omega-3 fatty acids, which are advantageous for health. They are abundantly rich in alpha-linolenic acid, which:

Enhances skeletal well-being

- Mitigates the risk of cardiovascular diseases and diabetes

Inhibits the proliferation of breast, colon, prostate, and kidney tumors (as reported by the Journal of Nutrition).

Chile, a natural haven

Our nation possesses distinctive conditions conducive to the production of fresh, safe, and nutritious nuts.

The Chilean walnut is esteemed as the finest globally for its:

- Color Extralight
- Freshness
- Performance in matches

**ONLY RAW MATERIAL: WALNUT**

# CHARACTERISTICS OF WALNUT OIL

## “De-oiled Walnut Flour”

It serves as an ideal nutritional supplement to incorporate into your daily diet.

It possesses distinctive characteristics that render it a nutritious and versatile choice in culinary applications. As a defatted product, it retains numerous advantages of walnuts while offering a reduced caloric content. Below are its primary attributes:

- Reduced Fat Content.
- 2. Rich in Protein.
- 3. High in Fiber.
- 4. Gluten-Free.
- 5. Abundant in Vitamins and Minerals.
- 6. Antioxidant Characteristics.
- 7. Silky Taste and Adaptability.
- 8. Quality Energy Input.
- 9. Low Glycemic Index.
